

1200LB MAGNETIC LOCK

POWER OPTIONS | BUILT-IN PROTECTION | QUALITY DESIGN AND MANUFACTURING

ECL-ACC500

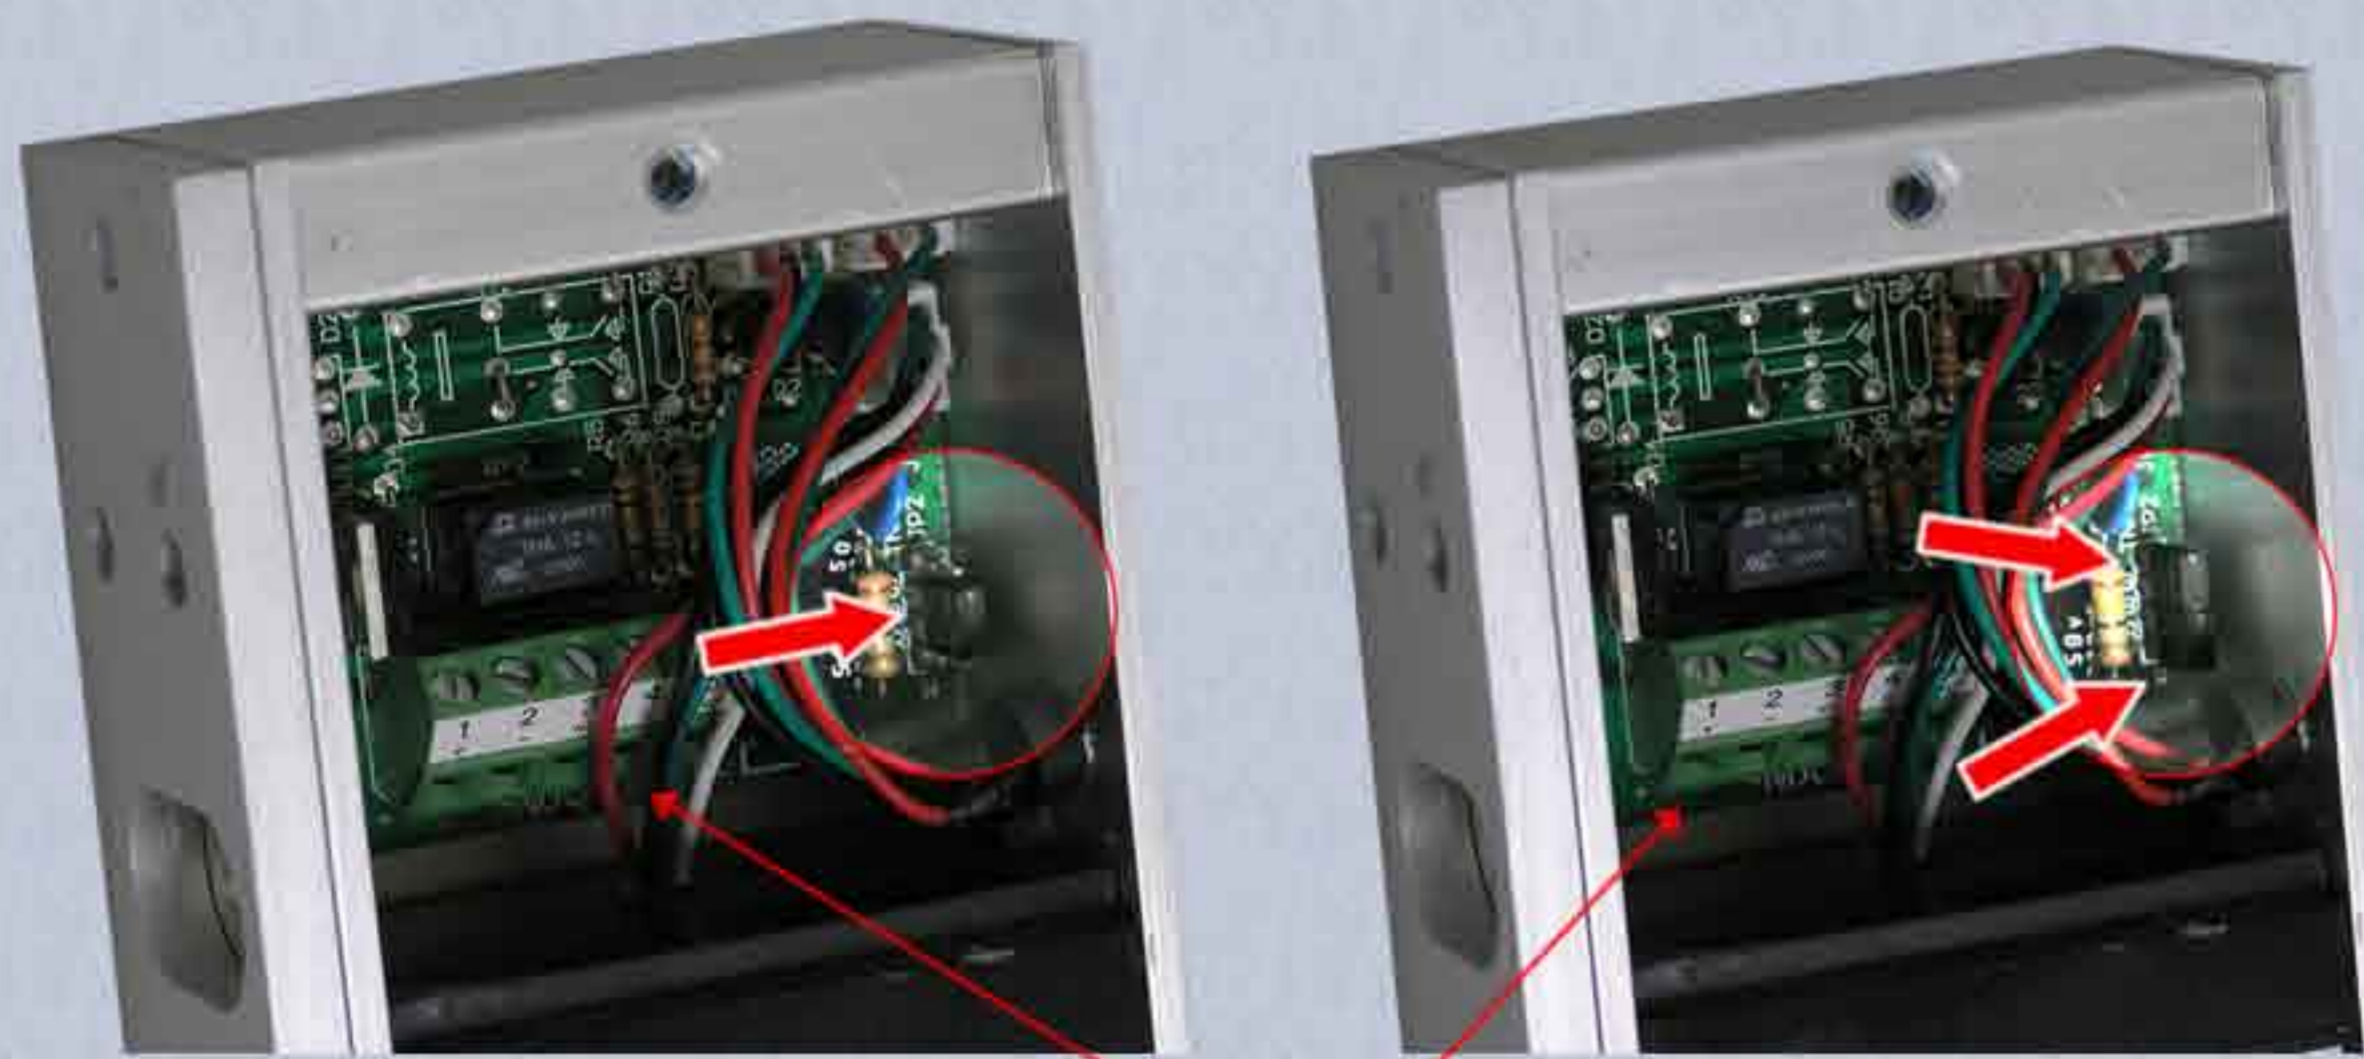

Our magnetic locks are widely used in commercial and industrial applications. They are perfect for use on doors and gates that close against a fixed stop. All of the lock components are carefully designed, manufactured, and tested to ensure superior quality.

- ✓ Apply 1200lbs holding force in an instant
- ✓ Heavy duty, aluminum alloy construction
- ✓ Release with no residual magnetism.
- ✓ Door template, instructions, installation hardware kit included
